

Thank you so much for your inquiry with Viva Verde Designs. We pride ourselves in building long lasting relationships with our clients. Choosing an Interior Designer can be stressful and we are here to make your decision a little more clear.

My passion for Interiors began when I was a young girl. My best friend and I fixed up an old barn by painting the wood, bringing in found items, and using decor we thrifted. Years later, I went to school for Interior Design and began working in a Design Studio with luxury designer furnishings. I have been creating beautiful spaces that bring joy ever since.

I am seriously passionate about Interior Design and creating Green Spaces. I believe that we should be stewards of the planet. I started Viva Verde Designs to do just that!

I would love the opportunity to create a beautiful home for you to create memories for your loved ones and live your best life! Join me on my journey for Green Home Design.

Sincerely,

Lynnelle Mulder

Testimonial

"Lynnelle totally transformed our space. I used to walk in the room and think "ugh" and now it feels so cozy and peaceful, and I love being in the room. We ended up with rugs I never would have chosen by myself and they totally work and capture our personalities. I can't overstate how happy I am with Viva Verde Designs!"

The Process

1.

CONSULTATION

WEEK 1.

Our team will meet at the location and complete a full assessment of the space. During this assessment we take measurements, capture photos, and note inventory of items already owned.

2.

PACKAGE AND CONTRACT

WEEK 1.

Once the consult is complete, our team will discuss the best package for you determined on the amount of hours it will take to complete the project. A contract is then signed by the client to begin to process.

3.

DESIGN PROCESS

WEEK 2-6

Our team then begins building a complete design presentation for your home. This part includes sourcing all of items for the space, creating a floor plan and building a proposal.

4.

PRESENTATION

WEEK 6

We invite our clients to come in for The Design Presentation. This is when we share the items we selected for each space with the corresponding samples and furniture plan. Each item is reviewed on the proposal and feedback is received.

5.

REVISIONS, INVOICE & ORDERING

WEEK 7

Our team makes the appropriate revisions based on our clients feedback. Once all the final selections are agreed upon, an invoice is paid and the products and furniture is ordered.

6.

PROJECT MANAGEMENT

6 WEEKS +

We oversee billing, shipping, receiving, inspection, and warehousing of all items.

7.

INSTALLATION

Final Week

The best day for the client! Our dream team comes and installs all of your items. We style and accessorize the space to completion.

1.

HOW WOULD YOU DESCRIBE YOUR SIGNATURE STYLE?

I would say that my signature style is Eclectic. I like to mix vintage pieces with modern pieces. I wouldn't describe myself as a true maximalist or a true minimalist but I lie somewhere in the middle. I really enjoy mixing styles and adding lots of color to a space to create a mood.

2.

WHO DOES THE DESIGN WORK?

Viva Verde Designs is a small, boutique style design business. Lynnelle leads all consultations and design work, while support staff takes care of the behind the scenes to work such as drafting and admin.

3.

HOW MUCH WILL IT COST?

It depends on the project. My project design fee starts at \$6000 including the consultation which is \$400. The price is usually done by room or square footage. This is just an estimate per room. Each additional room is added at \$2000 per room.

4.

HOW LONG DOES THE DESIGN PROCESS TAKE?

It depends. Some projects end up taking 6 months to a year depending on how many revisions we do, the contractors schedule, and weather. It also depends on the project. For smaller decorating projects, usually 3-4 months.
